

Jodie Steele Associates

Thank you for enquiring about the Associate Programme.

This industry is incredibly tough and demanding. With the vast numbers that apply to performing arts colleges growing each year standing out is getting harder and harder. Our workshops each have their own skills and the sessions will reflect them.

High quality tuition and feedback from the very best performers working in the industry today can make all the difference. The sessions we offer will test you physically and mentally so we will only be taking young performers with serious ambitions and ability.

Each session will have an amazing talent from the world of musical theatre will be with you to support our amazing choreographers and musical directors. Each time we will focus on a different style and the guest will choose the show they will work on.

We will be running the sessions on Sundays and although we are based in Leicester due to it's central England location we will run sessions in multiple cities over time. If you want to be invited when we are in a specific area then please audition and you become an associate and can either travel to us or do the more local sessions. The plan for the next session will be sent in advance with music to prepare to make sure we make the best use of our guest.

Ages 13 to 21 may apply. All staff are DBS checked.

How to get involved

To have access to these sessions we would like you to send a self tape to make sure you are only working with people at your level, we may well run multiple workshops with our guest on the same day. Once you are an associate you can book onto any session or all of them. As we have limited places available the first part of the process is to send a singing and or dance video. Any MT song that suits you best for the song and any dance style that shows you at your best.

If you specialise heavily in one discipline just send that video.

The form can be complete on our website at www.jodiesteeleassociates.com
