

## JSA JUNIOR ASSOCIATES

Jodie is so excited to announce our Junior program for 8 to 12 year olds.

We have been so happy with the expansion of the existing program we wanted to offer more opportunities to younger people and with no cost to join we hope that you will get involved.

### **Why Jodie Steele Associates**

This industry is incredibly tough and demanding. Our program is not based on more classes as many are but moving young people well beyond the amazing local teaching they already have.

With the vast numbers that apply to performing arts colleges growing each year standing out is getting harder and harder. Our workshops leaders each have their own skills and the sessions will reflect them.

High quality tuition and feedback from the very best teachers and performers working in the industry today can make all the difference. The sessions we offer will test you physically and mentally so we will only be taking young performers with serious ambitions and ability.

We will be running the sessions on Sundays and although we are based in Leicester due to it's central England location we will run sessions online and in multiple cities very soon. If you want to be invited when we are in a specific area then please audition and you become an associate and can either travel to us or do the more local sessions.

### **How to get involved**

To have access to these sessions we would like you to complete the online application form on our website [www.jodiesteeleassociates.com](http://www.jodiesteeleassociates.com) and send a self tape to make sure you are working with people at your level.

Please send a singing and or a dance video.

Any MT song that suits you best for the song and any dance style that shows you at your best. If you specialise heavily in one discipline just send that video.

### **Opportunities**
